Des Moines, Iowa 50311, who directs the Home Care - Homemakers Service in the Des Moines area, for members of the "Life After 60", service in their own homes, says there is a maximum charge of 2.00 an hour, and the homemakers get 1.25 of this, plus transportation, social security and fringe benefits, for those who are trained to go into these homes to assist these elderly folks who prefer to live in their own homes.

In a home on 60th. St. in Des Moines hangs a little red heart with a motto, which reads, "Lyckan Kommer, lykan gar, Den Gud alskar, lykan far", the 78 year old woman living there with her husband, a year older, translates it: "Its alright being away.. but home is best."

Dr. Nona Grapes, 732 Selma, Ala. Selma, Alabama 36701 March 9th.

I am leaving in the morning for a birthday trip. Will be in Hot Springs at the Majestic Hotel for two weeks. Hope to get a bit of outdoor life and be more fit. (Ed.-why Nona, you look now more like a fit young 17, than 71. C U in Cadiz I hope.)

Dale E. and Gladys Shambaugh, 462 So. Sandusky Ave. Upper Sandusky, Ohio 43351 We returned home Feb. 3rd. after spending three weeks on the British West Indian Island of Montserrat. Dale reports the temperature a steady 85 degrees, and the Caribbean was just wonderful. Montserrat is a tropical island, palms of all kinds, nut trees, fruit of all kinds and lots of vegetables. We are planning to return again to Montserrat next winter. Dale, also a district agent, addressed the Southern Regional Convention of the Lutheran Mutual Life Ins. Co. held at Austin, Texas of Feb. 14 and 15th. Dale is President of the Lutheran Mutual Underwriters Association. Dale's wife accompanied him.

Rev Harry and Ina Gleim, 1320 Carroll St. Boone, Iowa 50036 Feb 7th. I don't know if I have written you since the new unit at Friendship Haven has been completed. It is a 6-floor unit and hold about 200 patients. Ina is now in the building and should be getting even better care than she did, altho her care has been about all one could wish for. As for her condition, she stays about the same, she does not seem to be getting any worse. She knows me whenever I go up to Ft. Dodge. She seems fairly cheerful most of the time. Weather did you say?, We have had very little snow but a lot of very cold weather. On Jan. 9th. the thermometer slid to 25 below zero and we have had several days of it. Many cars never did get started and we called off our country churches on the 30th. Right now it is 40 above which seems almost like summer after what we have had.

Samuel R. and Alyce T. Shambaugh, now of 12137 Santiago Rd. west, Rancho Bernardo, San Diego, Calif. 92128

In Sept. and Oct. we toured the west looking for the perfect place to move to. Sam retired from his partnership in the law firm of Chapman and Cutler, Chicago two years ago, so we are now free to move to a new home. We visited nine retirement communities and found exactly what we wanted in Rancho Bernardo.

This is a new town, incorporated in San Diego but actually 25 miles from the center of that city, on route 395. There is an Adult section known as the Seven Oaks section where one must be fifty years old to live. This is only a part of Rancho Bernardo in which people of all ages live. All the activities include people of all ages and that is what we liked especially.

It is beautifully located, in a valley surrounded by mountain scenery. We are thrilled to be living here. It is inland, only a few miles from La Jolla and six miles from Escondido. Sam's sister, Marguirete Shambaugh Ross lives in San Diego, and his brother Edward lives in Garden Grove, so we will be near his family. We always enjoy the News-Letter, so please note our change of address.

Mrs L. E. (Virginia) Lee, 1284 Oak St. Bonner Springs, Kan. 66012

I have enjoyed reading the News-Letter, only wish I knew more of our relatives. (Ed.- Come to our Nat. Reunion in Cadiz, Sept. 4th. we would like to know you too).

Bobby Shambaugh, wife Billy and daughter Darlene, who returned last fall to Upper Sandusky, O from Calif. is working for the Millington Plastics Mfg. Co. Robert has flown to Texas and elsewhere in the interest of the Company. They are building a new home west of Upper. They are also interested in Shambaugh genealogy.

Betty Shambaugh Schmuck of near Wharton, O. a sister of Bobby, visits their parents, Walter and Leefe Shambaugh, just west of Upper for a day each week. Walter has been confined to his home for some time.
